I, \_\_\_\_\_, the undersigned, request that my electric service at the account listed above be placed on the Levelized Payment Plan.

I understand that my bill will vary slightly because the bill is based on an average of my actual monthly consumption for a one-year period. The Levelized Payment Plan spreads the amount more evenly over 12 months.

It is understood that this agreement will continue to be in effect so long as I am a member of Southern Pine Electric, unless either party requests discontinuance. If my account is removed from the program, all incurred charges must be paid.

# Levelized Payment Plan

is a service for residential members that allows payment of approximately the same amount on your electric bill each month. Under this plan, the amount you pay each month is based on an average of your actual monthly consumption for a one-year period. To qualify you must meet the following criteria:

- Residential member or tax-free status.
- Meter must have at least 12 months of billing history at current place of residence with no tampering, no disconnects, and no returned checks during that time.
- The account must be current.

The levelized amounts must be paid prior to the delinquent date to avoid removal from the plan. Accounts removed from this payment plan may re-enroll only after 12 months of good payment history. Members are responsible for all amounts due when their participation in the program ends.

To enroll in our Levelized Payment Plan, complete the information on the reverse side and mail to:
